The program now accepts students who hold both a primary and post-primary certification if they are eligible for special credit for up to twelve credit hours. Part-time enrollment is possible with this track. Transfer students in the non-clinical track must have at least thirty credit hours of coursework at Indiana University. Hours awarded for advanced credentials (special credit) cannot be used towards the 30 hours in residence at IU. For more information please email [askhpp@iupui.edu](mailto:askhpp@iupui.edu) or call (317) 278-4752.

**ADMISSIONS TIPS & HINTS**

*The MIT Program Faculty will admit in a given year all students that can be accommodated in clinical settings. Admission to all clinical tracks is competitive. If the student is not admitted s/he may accept a spot as an alternate. If spots open up before the start of the program, the student will be contacted and offered a seat in the class. Students enrolling in the non-clinical track need only meet the minimum academic requirements.*

*\*To see approved courses that can be considered to meet specific areas, where not already designated, please visit <https://due.iupui.edu/undergraduate-curricula/general-education/iupui-general-education-core/>.*

***BS IN MEDICAL IMAGING TECHNOLOGY/STGEC NEEDED - CONTINUED***

**NOTE:** Enrollment at Indiana University does not guarantee admission to any of the IU School of Medicine Health Professions Programs. To be eligible for admission to one of these programs, students must adhere to the academic regulations of the academic unit in which they are enrolled and meet School and individual program preadmission requirements as stipulated in the general education and program sections of the most recent bulletin. Admission to many programs is competitive; therefore, completion of the prerequisites does not guarantee admission to the program. To be considered for admission, students must complete an application in the year prior to entry by the program's stated application deadline.
