Executive Summary

Goal

- Advance to the next level of healthcare leadership to deploy my passion, advocacy, and skills to improve healthcare on a broader scale.

Leadership Accomplishments

- **Reduced patient harm and improved outcomes** through Infectious Diseases expertise and collaborative leadership in Infection Prevention and Antimicrobial Stewardship. Eskenazi Health's Antimicrobial Stewardship program is **the first in Indiana** to be recognized as a **Center of Excellence** by IDSA.
- **Hard-wired influenza vaccination** by forming a multidisciplinary team that built an algorithm that reminded providers and guided correct vaccine choice.
- **Mentor junior colleagues** to successful careers and advancement.
- **Expanded the Infectious Disease service** to an additional site and increased wRVUs.
- Achieved **improved survival without racial or ethnic disparities** during the COVID-19 pandemic by leading multidisciplinary teams that rigorously reviewed and applied data, developed and hard-wired treatment algorithms, and continually refined treatment.
- **Protected hospital employees and patients** during COVID-19 via early implementation of universal mask-wearing and management and innovative decontamination of personal protective equipment during supply shortages.
- **Anticipated and prepared for the COVID-19 crisis** and **managed the crisis** through situational awareness, decisive leadership, communication, and consensus-building.

Professional Experience

Eskenazi Health, Indianapolis, IN

COVID-19 Incident Command and Leadership

Mar 2020-2023

Lead and communicate to frontline staff the response to COVID-19 using Agile Implementation and real-time, rapid feedback in a setting of resource shortages, uncertainty, and rapidly changing guidance. Initiated and led frequent calls with hospital leadership to advise them of the rapidly changing overseas situation prior to the formal Incident Command.

Flu Czar

2018-Present

Lead and coordinate all Eskenazi Health influenza preparedness and response. In 2020-21 expanded influenza vaccination to the ED to offset decreased vaccination in offices due to the COVID-19 pivot to telehealth. The structure and members of the Influenza Taskforce pivoted to the COVID-19 Therapeutics and COVID-19 Vaccine teams during the pandemic.

Medical Director, Infection Prevention

July 2015-Present

Lead a program to prevent hospital-acquired infections. Coordinate with the IUSM and other hospitals in the Academic Medical Center. Collaborate with multiple disciplines. Serve on regional workgroups and coalitions.

Medical Director, Antimicrobial Stewardship

July 2015-Present

Lead a program to optimize antimicrobial use. Coordinate with the IUSM and other hospitals in the Academic Medical Center. Collaborate with multiple disciplines. Serve on regional workgroups and coalitions.

Indiana University Health Physicians, Indianapolis, IN

Infectious Diseases Quality Leader

2016

Ensured that patient care met national quality standards.

Infectious Diseases Service Line Leader

2011-2015

Led all clinical activities of the Indiana University Health Physicians adult infectious diseases service line.

Indiana University School of Medicine, Department of Medicine, Division of Infectious Diseases

Clinical Director

Aug 2009-2015

Led all clinical activities of the adult ID division.

Clinical Subdivision Chief, University Hospital

Dec 2008-Jul 2009

Led all clinical activities of the adult ID Division at IUH University Hospital.

Indiana University Health, University Hospital, Indianapolis, IN

Medical Director, Infection Control

2006- June 2015

Led a program to prevent hospital-acquired infections. Coordinated with the IUSM and other hospitals in the Academic Medical Center. Collaborated with multiple disciplines. Served on regional workgroups and coalitions.

University Hospital, Cincinnati, OH
Hospital Epidemiologist/Medical Director, Infection Control 1997-2006

Lincoln Medical and Mental Health Center, Bronx, NY
Director, Immunotherapy Clinic Aug-Dec 1996
Acting Director, Immunotherapy Clinic Jan-Jul 1996
Head, Maternal-Fetal HIV Clinic 1995-1996

Professional Honors and Awards

AIM Award, St. Margaret's Hospital Guild and Versiti 2021
The Achievement in Medicine award is the premier clinical award for Eskenazi Health.

"Top Doc"--*Indianapolis Monthly* and Castle Connolly 2015-2021
Feature article in 2021.
<https://www.indianapolismonthly.com/lifestyle/top-doctors-on-the-ripple-effects-of-covid-19>

Community Hero Award, Jewish Federation of Greater Indianapolis 2020
Awarded for COVID-19 leadership.
<https://www.jewishindianapolis.org/community-hero-stories/amy-kressel>

Outstanding Clinician Award, IUSM Department of Medicine 2020
Awarded for COVID-19 leadership.

Antimicrobial Stewardship Center of Excellence, Infectious Disease Society of America 2019
*Eskenazi Health's program is **the first in Indiana** to be recognized as a Center of Excellence by IDSA.*

Patient Safety Hero, Indianapolis Coalition for Patient Safety Nov 2018
*Awarded for **hardwiring optimal antibiotic prescribing** at Eskenazi Health by leveraging the EMR.*

Team Leadership Values Award, Indiana University Health Board of Directors 2015

Quality & Education Award, First Place, IU Health Board of Directors 2014
*Presented to the Sepsis Mortality Improvement Team for **decreasing mortality, length of stay, and ICU length of stay.***

Certificate of Appreciation, Indiana State Department of Health March 24, 2011
For service on the Tuberculosis Medical Advisory Board.

Certificate of Appreciation, Marion County Health Department and City of Indianapolis 2010
For service on the H1N1 Scientific Advisory Committee.

Six Sigma Award, University Hospital, Cincinnati, OH
2005 *For leadership of project to optimize perioperative antibiotics.*

"Unsung Heroes" award, University Hospital, Cincinnati, OH 2005

"40 Under 40: People to watch at the UC Medical Center," University of Cincinnati 2004

Professional Development (selected)

- Agile Implementation Bootcamp** 2020
IUSM Center for Health Innovation & Implementation Science
- Business of Medicine Emerging Leadership Program** 2018
Indiana University Kelley School of Business Executive Education
Curriculum designed for physician leaders and flipped classroom model of online coursework followed by in-residence applied learning. Topics include Financial Acumen, Creativity & Innovation, Work-Life Integration, and Healthcare Lean Six Sigma.
- Patient Safety Executive Development Program** 2018
Institute for Healthcare Improvement (IHI), Boston, MA
Intensive six-and-a-half-day program that provides actionable strategies, skills, and practical tools to lead strong, effective patient safety programs. Work with expert faculty to develop and refine detailed, customized strategies and implementation plans for solving patient safety issues. Learn how to advise and coordinate the plans with senior leadership.
- Communicating Science Workshop** 2017
Indiana University
Series of courses teaching improvisational theatre techniques to assist scientists and physicians in communicating with the public.
- Sailing the High Seas Leadership Program** 2016
Indiana University Health Physicians
Year-long series of courses to teach team-building leadership skills.
- AAIM Executive Leadership Program** 2010
Alliance for Academic Internal Medicine (AAIM), Cambridge, MA
- LAMP (Leadership in Academic Medicine Program)** 2009-2010
IUSM Office for Faculty Affairs and Professional Development
Year-long series of courses teaching self-evaluation, leadership competency, and conflict management skills.

Service (selected)

Centers for Disease Control and Prevention (CDC) and Society for Healthcare Epidemiology of America (SHEA)

Appointed member--Advisory Panel, Outbreak Response Training Program 2016-2018

Reviewed proposed references and resources and additional embedded resources – for example, a website or toolkit often referred to other source material-- and rated them on relevance and suitability for inclusion in the final document. Reviewed and edited numerous versions of the final guidance and the related webinars, workshops, and on-line training.

<http://ortp.shea-online.org/webinars/>

<http://ortp.shea-online.org/workshops/>

<http://ortp.shea-online.org/online-training/>

Society for Healthcare Epidemiology of America (SHEA)

SHEA COVID-19 Implementation Guide 2020

Invited solo reviewer, Ebola webpages 2019

Reviewed and edited the content of the Ebola webpages, which had not been updated since 2015.

Infectious Diseases Society of America (IDSA)

Inaugural Chair, Payment Policy Work Group (PPWG) 2021-2023

State of Indiana

Chair, Indiana COVID-19 Vaccine Review Advisory group Sep 2020-Apr 2021

Indiana COVID-19 Vaccine Allocation Workgroup Sep 2020-Apr 2021

Marion County (IN) Health Department

COVID-19 Scientific Advisory Committee 2020

H1N1 Scientific Advisory Committee 2009-2010

http://www.mchd.com/H1N1/H1N1_info.htm

Researched the evidence for using N95 respirators (then CDC's recommendation) versus surgical masks.

Formulated the MCHD position that surgical masks would be standard of care in Marion County, IN.

IUPUI

H1N1 Campus-wide Response, Infectious Diseases and Infection Prevention expert 2009-2010

Community

Numerous town halls and interviews to educate the public about COVID-19 prevention, vaccines, and treatments. 2020-Present

Mentoring

Indiana University School of Medicine, Department of Medicine

Considered **Premier Mentor** by the Division of Infectious Diseases. Given protected time for mentoring because of the success of my mentees.

Ziad Ghazzawi, Academic Hospitalist, Eskenazi Medical Group	May 2022-Feb 2023
Carmen Tichindelean, new Infectious Diseases faculty member and Infection Prevention Medical Director at Roudebush VA <i>Now ID Chief at Roudebush VA.</i>	2020-present
Haley A. Pritchard, new Infectious Diseases faculty member and Antimicrobial Stewardship Medical Director at IU Health University Hospital	2019-present
Lana Dbeibo, new Infectious Diseases faculty member and Infection Prevention Medical Director at IU Health Methodist Hospital <i>Took key COVID-19 leadership roles at IU Health and IU. Promoted to Associate Professor and named Fellow of IDSA. In 2022 named Interim Associate Vice Chair for Clinical Affairs - Quality, Safety, and Population Health, Department of Medicine.</i>	2017-present
Cole Beeler, new Infectious Diseases faculty member and Infection Prevention Medical Director at IU Health University Hospital <i>Took key COVID-19 leadership roles at IU Health.</i>	2017-present
Andrew T. Dysangco, new Infectious Diseases faculty member and Infection Prevention and Antimicrobial Stewardship Medical Director at Roudebush VA <i>Now Associate Chief of Medicine at Roudebush VA.</i>	2016-present
Monika Fischer, new Digestive Diseases faculty member	2013-2014
Dan Livorsi, new Infectious Diseases faculty member and Infection Control Medical Director at Wishard and Roudebush VA	2012-2014
Patrick Milligan, medical resident	2012-2013
Elise Michelle O'Connell, medical resident	2010-2012
Laura Ann Sideli Quilter, fourth-year medical student	2010-2011

Licensure

Indiana State Medical License	01062162A	2006-Present
Ohio State Medical License	71921	1997-2006
New York State Medical License	185575	1991-1996

Certification

Diplomate National Board of Medical Examiners		1990-Present
Diplomate American Board of Internal Medicine/ Infectious Diseases Subspecialty	144550	1994-2024
Diplomate American Board of Internal Medicine	144550	1992-2012

Professional Organization Memberships

Society for Healthcare Epidemiology of America

Fellow 2010-Present
Member 1997-2010

Infectious Diseases Society of America

Fellow 2005-Present
Member 1996-2005

Alpha Omega Alpha National Honor Medical Society

2021-present

Academic Appointments

Indiana University School of Medicine, Department of Medicine, Division of Infectious Diseases, Indianapolis, IN

Professor of Clinical Medicine 2019- present
Associate Professor of Clinical Medicine 2006-2019

University of Cincinnati College of Medicine, Department of Medicine, Division of Infectious Diseases, Cincinnati, OH

Associate Professor of Clinical Medicine 2000-2006
Assistant Professor of Clinical Medicine 1996-2000

New York Medical College, Department of Medicine, Division of Infectious Diseases, Valhalla, NY

Assistant Professor 1996
Instructor 1995

Education

Postdoctoral

Montefiore Medical Center and Albert Einstein College of Medicine, Bronx, NY

Research Fellow in Infectious Diseases 1993-1995
Clinical Fellow in Infectious 1992-1993

Cornell University Medical College; North Shore University Hospital, Manhasset, NY; Memorial Sloan-Kettering Cancer Center, New York, NY

Medical Intern and Resident 1989-1992

Graduate

Indiana University School of Medicine and Graduate School, Indianapolis, IN

M.S., Clinical Research/CITE Program 2010

Northwestern University Feinberg School of Medicine, Chicago, IL

M.D. 1989

Undergraduate

Northwestern University Honors Program in Medical Education, Evanston, IL

B.S.

1987

University of Sussex, Falmer, Sussex, UK

Study Abroad Program

1985

Trivedi, **the Outbreak Response Training Program (ORTP) Advisory Panel* (*member of this group)**. "Outbreak response and incident management: SHEA guidance and resources for healthcare epidemiologists in United States acute-care hospitals." *Infection Control and Hospital Epidemiology* 38(12): 1393-1419, Dec 2017 (Published online: 30 November 2017), <https://doi.org/10.1017/ice.2017.212>

Reviewed proposed references and resources and additional embedded resources and rated them on relevance and suitability for inclusion in the final document. Reviewed and edited numerous versions of the final guidance and the related webinars, workshops, and on-line training.

Amy B. Kressel, Jennie L. McVey, Joan M. Miller, Lauren L. Fish. "Hospitals learn their collective power: an isolation gown success story." *American Journal Of Infection Control*, 39(1):76-8, Feb 2011 (electronically published Jan 31, 2011), <http://dx.doi.org/10.1016/j.ajic.2010.07.016>

Katherine A. Voges, Douglas Webb, Lauren L. Fish, **Amy B. Kressel**. "One-day point-prevalence survey of central, arterial, and peripheral line use in adult inpatients." *Infection Control and Hospital Epidemiology* 30(6): 606-8, June 2009 (electronically published May 4, 2009), <https://doi.org/10.1086/597754>

Conceived of this study after noting that many sepsis events were occurring in patients who were not in intensive care units and who had central lines. At the time CDC mandated surveillance of infections related to central lines in intensive care units only. CDC expanded surveillance to all hospital units after this paper was published.

Book chapter
